What better way to see a city than with a local? Ms. Christine is warm and friendly and personable and knowledgeable and interesting and generally fabulous! She went above and beyond the call of duty for our group of 21 ladies. She had wonderful suggestions for food and activities and made us Southern ladies feel right at home in The Big Apple.

Just completed a wonderful day with my family in the Big Apple which couldn't have been better since we did it with Christine! This smiley, bubbly and very savvy personal guide made our day everything we expected and more! She made it so easy to navigate in and around the city and made sure we got to see things we would have surely missed on our own. We fell in love with her sweetness and left feeling she is now "one of the family"! Thank you Christine for serving up a slice of New York Pie, that undoubtedly, will bring us back for seconds!

VISIT LIKE A LOCAL
